

A process comprising polymerizing ethylene, or polymerizing ethylene and at least one other olefin, to produce a polymer is provided.

1. The first part of the report, which is the most important, is the *Summary*. This should be written in a clear, concise, and logical manner. It should state the purpose of the study, the methods used, the results obtained, and the conclusions drawn. It should also include a brief statement of the significance of the study.
